From the President's Desk

SERA Members and Friends

Sadly I bring you news from SERA concerning the retirement of Roger W. Gregory, W4RWG. In addition to being President of SERA for over 20 years, Roger is a fellow repeater owner and a dear friend. I hope everyone will wish Roger well as he battles a challenging health condition. Your prayers would be appreciated. Below is a copy of Roger's letter of retirement. As your new SERA President I offer the assistance of all the State Directors and Vice Directors as well as myself. Thanks again and you will be hearing from me often.

- About Us

Welcome to the Southern California Repeater and Remote Base Association (SCRRBA) website! We are a volunteer organization providing coordination of a number of heavily utilized [amateur radio](#) frequency bands in Southern California. SCRRBA is a member of the [National Frequency Coordinators' Council](#) (NFCC).

Our Goal

To provide frequency coordination and achieve solutions to problems on the 29, 51, 420, 902, 1240MHz, and microwave frequency amateur bands in the Southern California area. SCRRBA has provided frequency coordination of these activities since 1970. We actively participate in the numerous [Federal Communications Commission](#) rule making proceedings pertinent to our activities.

SCRRBA maintains over 2,400 frequency coordination records. These data represent the activities of approximately 600 relay type amateur radio systems constructed by our members. Most of these systems operate on the UHF (420MHz) and higher amateur frequency bands.

Contact Information

We no longer accept coordination-related documents through the US mail and our post office box is now closed. You can contact using any of the email addresses below. When requesting coordination for a new system, please see our [forms](#) elsewhere on this website. Scan and email all the necessary documents to the appropriate email address. Feel free to email us to check status on your filings, or for questions regarding a specific coordination. If you would like to update your contact information (new mailing address, email address, phone number, etc.) contact our administrative office using the email address below. If you need to send us US mail for business related issues ONLY, you can contact us at:
