# Presentation East Tennessee Response (Helene)

Devon Harris (KM4PHT)

////////// NOT FOR GENERAL RELEASE //////////

RESTRICTED TO PARTICIPATING PARTICIPATING OPERATORS SUPPORTING GRINDSTONE MINISTRIES DEPLOYMENT

- HURRICANE HELENE -

**WARNING ORDER [WARNORD]**

TO: Deploying AmRRON Radio Operators

FR: JJS, AmRRON National

DTG: 20241002 1800Z (Wednesday, 02 Oct 2024)

SUBJ: WARNORD for Grindstone Ministries Deployment and Supporting Operations

**SITUATION - OVERVIEW:**

Grindstone Ministries (GSM) has requested communications support, and specifically AmRRON radio operators, in support of their disaster relief ministry deployment in eastern Tennessee (Jonesborough), in response to catastrophic damage from Hurricane Helene.

GSM has established a Forward Operating Base (FOB) at a Baptist church in the town of Jonesborough, and can billet up to 100 volunteers, and can provide food/water/shelter at the FOB. The FOB is in a grid-up location, with internet, water, and commercial power. Just a half a mile away none of this exists.

Specific requests are for radio operators to provide communications support for teams traveling into remote, mountainous locations in extremely austere conditions. Several area repeaters are non operational, and in many routes and locations that GSM anticipates traveling to have no direct line of sight to repeaters, no cell signal.

////////// NOT FOR GENERAL RELEASE //////////

RESTRICTED TO PARTICIPATING PARTICIPATING OPERATORS SUPPORTING GRINDSTONE MINISTRIES DEPLOYMENT

- HURRICANE HELENE -

**FRIENDLY FORCES:**

Other ministries and National Guard are said to be operating in the area, and another volunteer organization (Sentinal), which works closely with GSM, are said to be working in the area, but currently operating in Asheville, NC with the use of helicopters.

**ATTACHMENTS/DETACHMENTS:**

None specified at this time. A regional support team will be established, consisting of AmRRON HF digital mode operators and VHF operators within repeater (or linked repeater) range of the FOB.

The Regional Support Team will act as a support element for radio operators in the AO, and to be a lifeline when there are no other conventional methods of communicating.

**MISSION:**

Provide unconventional communications support at a fixed site (FOB), and as an RTO (RadioTelephone Operator) attached to disaster relief teams on various missions, to include working cadaver dogs, delivering food/water/aid to remote locations, clearing access routes, etc. Maintain communications with Regional Support Team, SIGCEN Eastern, and AmRRON National, providing periodic SITREPs, STATREPs, and other general correspondence to support the mission.

## **EXECUTION INTENT:**

1. Provide HF Digital mode communications link from grid down locations to AmRRON RST, Grindstone Ministries, and other organizations, as necessary.
2. Provide VHF voice communications link from grid down locations to AmRRON RST, Grindstone Ministries, and other organizations, as necessary.
3. Assist GSM team members with programming and troubleshooting individual and team radio systems.
4. Maintain and update communications plan (Signals Annex), and keep AmRRON RSTs updated of same.
5. Volunteer AmRRON Deploying operators will be introduced to the RST members and the local GSM Operations Director at the appropriate time.

////////// NOT FOR GENERAL RELEASE //////////

RESTRICTED TO PARTICIPATING PARTICIPATING OPERATORS SUPPORTING GRINDSTONE MINISTRIES DEPLOYMENT

- HURRICANE HELENE -

## **REHEARSALS:**

Testing done on an individual basis, to be determined.

## **SERVICE AND SUPPORT**

AmRRON Regional Support Team (RST) consisting of AmRRON members with:

- HF Digital mode capabilities (including vARIM, and/or PAT/Winlink a plus)

- VHF Simplex and Repeater capabilities (with area repeaters programmed)

## **COMMAND AND SIGNAL**

To be developed and released in the OPORD (in development now)

## ANNEX 6a

### SIGNALS STUDY OF THE OPERATIONAL AREA (AO)

Distribution: Grindstone FOB; AmRRON Deployment Detachment operators; Regional Support Team operators;  
Tier 5 & Tier 6 Stations

#### Area of Operations SITE ASSESSMENT:

##### Grid Square at FOB: EM86sh

**Soil:** Rocky to sandy; Unknown ferrous/non-ferrous composition

**Moisture:** Near standing water; high water table; previous flooding and precipitation, high moisture content.

**Topography:** Rolling foothills at FOB, base of mountains; Expected operational area Appalachian mountain range, with steep, mountainous, rugged, and remote terrain. High concentration of communications "dead zones" with no direct line-of-sight to cellular towers or radio repeaters.

**Natural antenna/wire support:** Buildings and trees in some areas around the FOB.

Manufactured or improvised masts highly recommended.

**Estimation of RF performance:** Fair to poor, improved in some areas with use of repeaters; Mountain operations will require line of sight to repeaters or HF NVIS radio.

#### Repeater list.

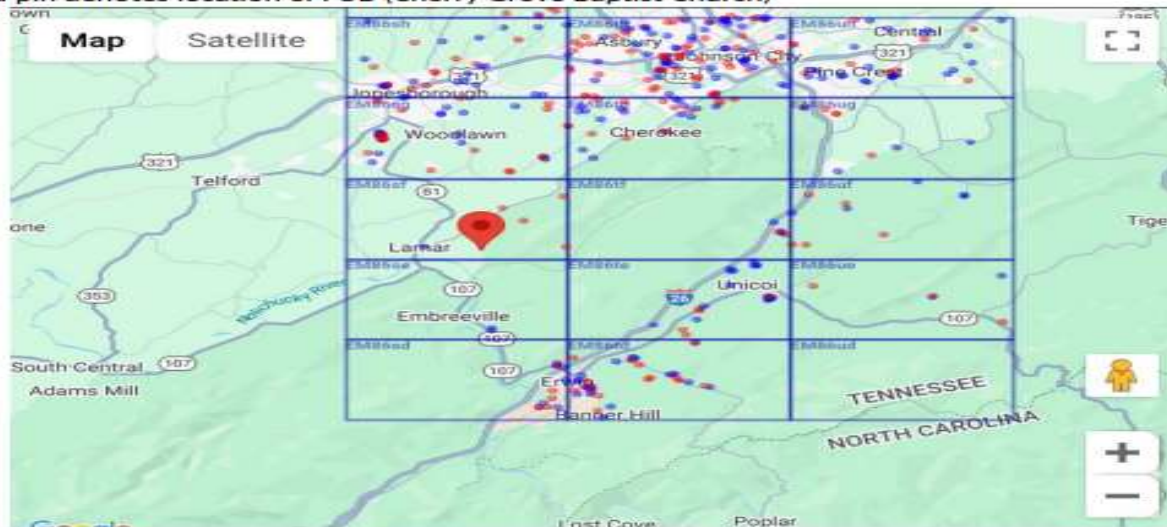

*145.150-	118.8	Greenville Viking MTN	
*147.27+	NoPL	CSQ Holston Mountain	
*145.39-	88.5	Camp Creek Bald Mtn Linked to 53.29 MHz -1.00	100
145.110-	NoPL	Holston Mountain (offline due to power)	
147.180+	94.8	Wolf Ridge/Mars Hill (condition unknown)	
53.89-	127.3	Holston Mountain (status unknown)	Offset -1.00
146.955-	100	Burnsville NC (says it is in a temp location with E-power status/coverage unknown)	

Red pin denotes location of FOB (Cherry Grove Baptist Church)

Red pin denotes location of FOB (Cherry Grove Baptist Church)

### **Deployment Packing List:**

- Every Day Carry & concealed carry permit (if applicable)
- Phones; CHARGED battery packs, charging cables, charging stations
- Wipes, toilet paper, hand sanitizer
- Minimum (1) full tank of fuel for POV in 5-gal cans or transfer tanks
- Rucksack w/ 7 days work clothing, toiletries, towel, EXTRA SOCKS
- Food & water to self-support for 7-10 days
- 2 PROGRAMMED UHF/VHF radios, chargers, batteries
- IFAK w/ TQ (recommend Refuge Medical) worn on body; rehydration salts
- 2 Pair sturdy footwear (1 on to wear, 1 to dry out)
- Shower shoes, flip flops, slide etc. to wear at FOB
- Sleep Kit: cot, ground pad, air mattress, sleeping bag, pillow, wool blanket, etc.
- Notebook, pens, pencils, sharpies (recommend Write-in-Rain or similar)
- PPE: safety vest, eye pro, ear pro, sturdy gloves, hard hat
- Flashlight, and headlamp, and minimum 2 sets spare batteries
- OTC & prescription meds 7-10 days, as required
- Bible
- Swimwear (baptisms have been known to spontaneously occur)
- Handheld GPS, compass, maps

///// FOUO /////

LIMITED DISTRIBUTION

## **MISSION:**

Provide unconventional communications support (primarily) as an RTO (RadioTelephone Operator) attached to disaster relief teams on various missions, to include, but not limited to, working cadaver dogs, delivering food/water/aid to remote locations, clearing access routes, etc., and (secondary) at a fixed site (FOB). and Maintain communications with Regional Support Team, SIGCEN Eastern, and AmRRON National, providing periodic SITREPs, STATREPs, and other general correspondence to support the mission.

ALL COMMUNICATIONS SUPPORT OPERATIONS WILL BE EXECUTED IN ACCORDANCE WITH THE AmRRON Mission Statement and Guiding Principles.

## **EXECUTION:**

- **DET-D:** (AmRRON Communications Detachment – Deployed Team)
  - **RTO** (Radio Telephone Operator – Deployed Detachment Operator)
- **RST** (Regional Support Team)
  - **RSTO** (Regional Support Team Operator)

**RTO** will deploy at his own expense and risk to join Grindstone Ministries deployed team at the FOB in Jonesborough, TN. Coordination prior to deployment with John Jacob Schmidt, director of AmRRON. This is to ensure a sustained rotation of operators covering operations for 30 to 90 days.

RTOs will report to Mark Bright (GSM) at the FOB for assignments. Conduct disaster communications support operations in post-Hurricane Helene impact areas in and around Jonesborough, TN.

Operations may extend deep into remote mountainous terrain and isolated communities, requiring RON (Remain Over Night) ops in unforeseen locations throughout the disaster impact area, in neighboring counties and states.

**RST** will provide support coverage on VHF, HF, or conventional/internet methods (or any combination) as directed and coordinated by the RST Director in Tennessee, Bravo Foxtrot-29.

**RSTO** will cover assigned shifts to ensure deployed RTOs maintain a continuous lifeline for the Grindstone teams conducting disaster relief.

## **Deployment chain of command:**

Upon arrival at the FOB and reporting for duty, RTOs will fall under the command and control of the Grindstone FOB chain of command – Specifically Mark Bright, or his designated proxy.

## **Radio operations chain of command:**

Radio Operations will fall under the direction of the Regional Support Team Director, Bravo Foxtrot-29, or his designated proxy, who will be under the direction of AmRRON National.

For radio operations – technical matters and TTPs (Tactics, Techniques, and Procedures) – Radio operators deployed will fall under the direction of the AmRRON S6 (Comms) Director at the FOB, who will fall under the Grindstone FOB Operations Director for duty and mission assignments.

In the absence of a FOB S6 Director, radio operators will fall under the direction of the FOB Operations Director for duty and mission assignments, and under the Regional Support Team Director for technical TTP matters.

All other volunteer supporting AmRRON operators, to include Tier 4, Tier 5, and Regional Net Coordinators, will fall under the direction of the Regional Support Team Director.

RTOs will be required to check in with the RST (Regional Support Team) every three hours during daylight hours, or otherwise when operational with a disaster relief team as the team RTO.

RTOs will check in by any method available, but the primary method will be via HF radio, digital modes.

**\*HF digital mode:** DEMONSTRATED PROFICIENCY with minimum FLDIGI, FLMSG, FLAMP with AmRRON Custom Forms; Preferably also JS8Call and VARA mode operations (Winlink/PAT and/or vARIM).

**\*\*Stay Behind Operations:** These missions require an RTO stay at a fixed location to provide communications from very remote sites, under the most austere conditions for multiple days at a time, without returning to the FOB at the end of each day. In these cases, the operator will be supported with sustenance (food, water, shelter) via resupply.

For sending text message from email (Winlink or PAT connection to a Winlink node) over radio. You must have the phone number, and you must know the wireless carrier, in order to send a text from email. DO NOT USE THIS UNLESS REAL WORLD EMERGENCY, as Winlink posts all content to their website.

The standard format for reporting enemy information is the SALUTE report. SALUTE is an acronym that stands for **Size, Activity, Location, Unit identification, Time, and Equipment**. The report body should be brief, accurate, and clear. Facts and opinions are distinguished.

Edwin (KQ4SRF)

Sam (WW4ZT)

BY THE GOVERNOR OF THE STATE OF GEORGIA

## A PROCLAMATION

### AMATEUR RADIO WEEK

- WHEREAS:** Georgia is home to 13,791 Amateur Radio Operators carrying on the legacy of a century of human voice transmitted over the airwaves, Amateur Radio continues to provide a bridge among states and countries, cultivating friendships and the sharing of ideas; and
- WHEREAS:** Amateur radio operators statewide have provided countless hours of community service in STEM education such as the Amateur Radio International Space Station program, weather spotting in the flycast program of the National Weather Service, and backup communications services to police and fire departments, American Red Cross, local charitable events and other vital organizations throughout the region; and
- WHEREAS:** Highlighting their immense community impact, Georgia Amateur Radio Operators will lead a nationwide event jointly sponsored by the American Radio Relay League called "Field Day" as an emergency preparedness exercise that will take place between June 26th and 27th, 2025. This event will demonstrate Amateur Radio skills and readiness to provide self-sustaining communications without further infrastructure; and
- WHEREAS:** The State of Georgia recognizes the diligence of the "Hams" who possess immense value in our modern technical world by providing emergency communications when other systems may fail; and
- THEREFORE:** I, BRIAN P. KEMP, Governor of the State of Georgia, do hereby proclaim June 22 - 28, 2025, as AMATEUR RADIO WEEK in Georgia.

In witness whereof, I have hereunto set my hand and caused the Seal of the Executive Department to be affixed this 19<sup>th</sup> day of May in the year of our Lord, Two Thousand and Twenty-Five.

*B. P. Kemp*  
GOVERNOR
